ADU BUILDERS OF ARIZONA

Silverleaf

548 SQ. FT. / ONE BEDROOM / ONE BATH

↑ N

The shaded front room

A deep south overhang protects the sitting-room glazing. The sofa faces the media wall to the east.

The north bedroom

An internal hall gives the bedroom and bathroom separate entries. Stacked laundry fits beside the hall.

Exterior footprint measures 22′–10″ by 24′–0″. Covered outdoor area is additional.

Schematic concept. Blue lines show glazing. Room sizes and fixture clearances are refined in design.
